

## ItaliaSec 2019 Conference Proposal

Dear \_\_\_\_\_,

I'd like to request your approval to attend [ItaliaSec](#), the annual Italian Cyber Security summit in **Rome, 14<sup>th</sup>-15<sup>th</sup> May 2019**. A select community of high-level cybersecurity professionals from across the country's critical industries will be on hand sharing real-life case studies, receiving hands-on training, and discussing cybersecurity best-practice guidelines and challenges.

This is not your typical conference – it places a great emphasis on connecting senior business leaders so that we can learn, share insights, and take away practical information that will help me boost our digital resilience journey as a direct consequence of attending the summit.

Last year, over 100 CISOs, CIOs, Heads of Information Security and ICS/SCADA Engineers were present, including professionals from **Eni, Alitalia, Banda D'Italia, Intesa San Paolo, Poste Italiane, ENAV, and Aeroporti di Roma**. I'd be interested to hear their perspectives on our shared cybersecurity challenges.

### How else will [company] benefit?

#### ItaliaSec will allow us to:

- **Strengthen our security posture** by addressing key topics, such as how to drive productivity and revenue through security and face the new challenges posed by supply chain risks and Industry 4.0.
- **Access invaluable insights** from industry game-changers, allowing us to benefit from their success stories and avoid costly lessons learnt by peers.
- **Maintain competitive advantage**, benchmarking our digital resilience against rival companies and taking a closer look at what others are doing.
- **Evaluate market leading solutions** to determine the best strategies to safeguard our critical assets and infrastructure moving forward.

ItaliaSec's delegate pass includes access to all presentation streams and plenary sessions, as well as PDFs of all presentations post-summit. Lunchtime meals and refreshments during networking time are also included.

Standard passes are valued at **€749**, but if we are able to make a decision before the 24<sup>th</sup> of March, I can secure a discount of **€200** on my attendance.

Please let me know when we can discuss this request further.

Thank you,

---
